

## SAFEGUARDING THE FAMILY'S FUTURE

Filipina Dana Acuriza, 40, was the first runner-up and won Dhs2,500 prize money. Dana has two children aged 11 and eight. She came to the UAE when her son was two years old. Her husband and mum look after the kids back home. Dana was nominated for her dedication, including leaping into a pool to rescue one of the children she looks after when he fell in. She said: "I came here because my husband doesn't earn enough to support the family. I want to build a house and give a good education to my kids. "Working alone in a foreign country takes a lot of guts as there's a huge risk - your life. For us domestic helpers, we tend to harden our heart and keep in mind that all of this sacrifice is for our kids' future... for our dreams for them ... that's why we just shed our tears in silence if we see that all the things we've done has paid off." Dana plans to work and live abroad as long as it takes for her children to secure a stable future.

## Dhs800,000 payout for worker left paralysed

A maintenance worker has been awarded Dhs800,000 after becoming paralysed when a stack on wooden panels fell on him at work. The Federal Supreme Court upheld earlier rulings by lower courts that ordered the boat building company and its insurance firm to pay the Arab man Dhs400,000 in compensation for the damages he suffered. The firm was also told to pay another Dhs400,000 for the man's medical and other expenses. Court documents stated that

the man was doing maintenance work on a boat when wooden panels in the premises fell on him. A medical report said the Arab suffered from broken legs, broken hands and injuries in other body parts that resulted into 100 per cent paralysis. Both the court of first instance and appeal court found the man's employer to have not provided the necessary safety equipment. The firm kept challenging their rulings, but the UAE's top court rejected it. [ismail@7days.ae](mailto:ismail@7days.ae)
